I agree with the Cat and Dog Protection Association homing policy and I accept the above dog with all its faults (if any) and indemnify the Association against any claim arising from any illness or damage, which may arise subsequent to my ownership of it. I agree to obtain any veterinary treatment for this dog when needed. I agree to care for this dog as a member of my household, and it will sleep indoors throughout its life. It will have access to a fully enclosed garden and will be brought for regular exercise.

I will not permit this dog to be used in any form of experimentation.

I will not breed with this dog, or allow others to do so, and, if it is not already neutered, I will have it spayed/castrated in due course.

If at any future stage I do not wish to keep this dog, or find myself in a position that I am unable to care for the dog as I would like, I will return the dog to the Association. **I will not re-home the dog myself.**
